

# Molecules Collection

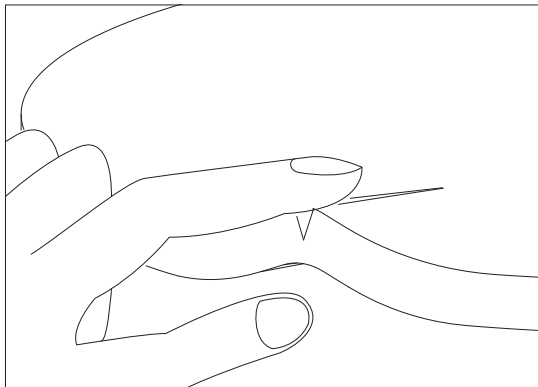

## Operation Instructions

www.aquagallery.com  
July 2011

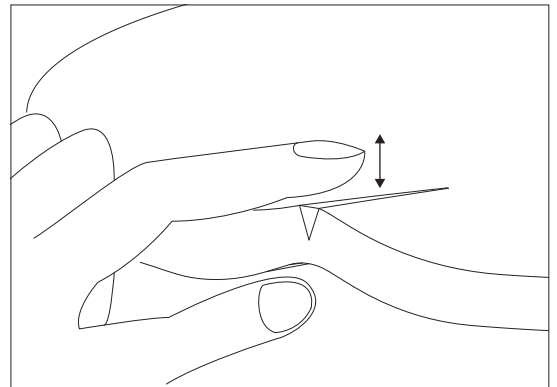

The Molecules lamp collection operates in touch dim mode, using a touch sensor in the floor & table lamps, and a wall-installed push button (not included) with the wall lamp.

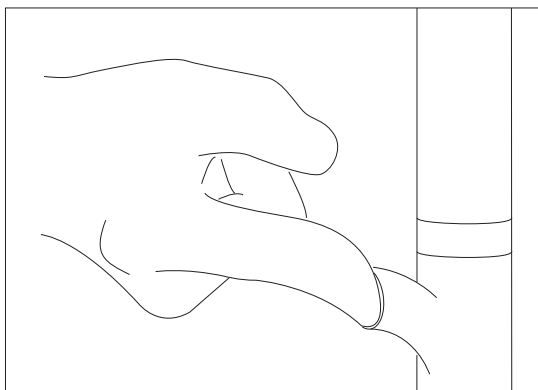

The dimming works as following:

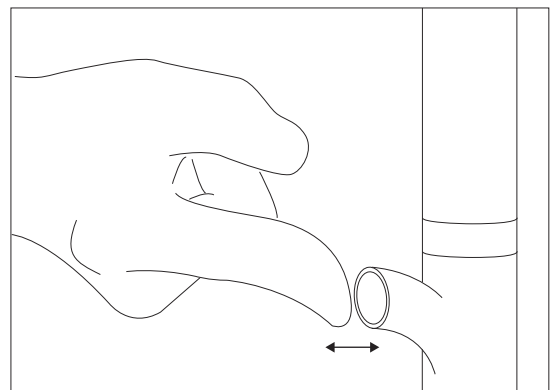

Long touch - dim up/down

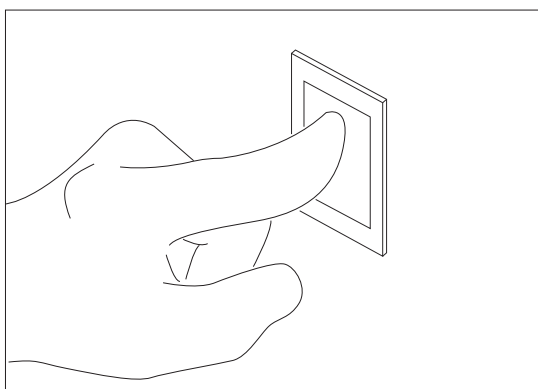

Brief touch - on/off

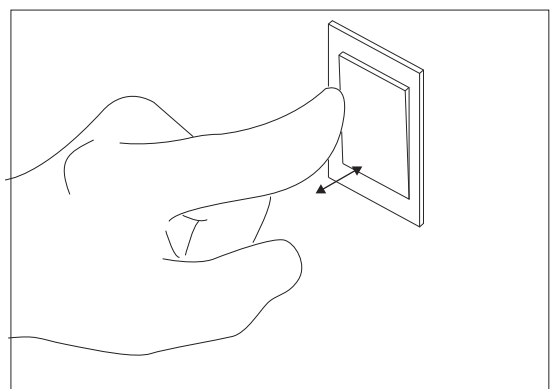

Long touch - dim up/down

Brief touch - on/off

Long press - dim up/down

Quick press - on/off
